

Dear Well Wisher,

Did you know that millions of children in India are in the orphan crisis system, separated from their families and living in Child Care Institutions (CCIs)? Many survive with substandard care, unloved and at risk – all of them dreaming of a family. At Miracle Foundation India, we work towards helping these vulnerable children by exploring opportunities to go back to their families, access quality education, safety and other services. We bring to you one such heart-warming tale from one of family based care projects.

Ensuring every child has an opportunity to find a home

Last year, when Varun* turned 18 - he could no longer live at the CCI. The law in our country says that children have to look after themselves once they reach the age of 18 years. Miracle Foundation India focuses on the effective rehabilitation and social reintegration of these children who have no place to go and support them with their education till they settle down with employment.

Protecting The Rights Of Vulnerable Children In India

The strategic planning and implementation at Miracle Foundation India are guided by child-centric international treaties, conventions, national guidelines, legislations related to orphan & vulnerable children. Miracle's work globally and nationally in India is guided by the human rights principles, norms, and standards embedded in the UN Convention on the Rights of the Child (UNCRC 1989), the most widely ratified international human rights treaty in history which is the moral minimum for any society.
